## Multiple Equipment Calibration Service Discount Program

**Do you have two or more electronic test equipment pieces that need calibration on a regular basis?**

Our multiple equipment calibration program can help you keep all your pieces calibrated on a schedule and the best part is you save money by signing up for NSCA TRA-CAL's service program. We will set up a service date for you in our system, send out an email reminder of when its due, and schedule a time for local pick-up or schedule our on-site mobile lab an appointment for you. With your discount program you will receive **5% off\*** each additional equipment piece you place on the program.

\*5% off is on our regular hourly calibration rates only. This discount does not apply towards, repair, parts or any other fees that may be required for our on-site services. Maximum discount per calibration value is not to exceed \$50.00. Code: **MECSDP. Save up to \$500!**

### Calibration Services

- From DC to 50 Ghz
- Optical
- Mechanical
- Standards
- Frequency
- Electrical, High Voltage/Current & Timing
- RF/Microwave, Communication & Telecom
- Calibrators
- Load Cell, Flow & Force
- Fiber Optic/Light Waves
- Video/HDTV & Monitor
- Radio-Frequency-Quadrupole
- Pressure & Torque Wrench
- Dimensional, Temperature & Gauge
- And Many More

Ship to Us | Local Area Pick Up | On-Site Mobile Lab

NIST Bronze Level	Full Calibration to 100% OEM Specifications
Silver Level (ANSI-Z540)	Includes Bronze Level Service to OEM Spec. Adds ANSI-Z540 "As Found" and "As Left" Data for every parameter. Includes Data printout.
Gold Level (ISO-17025)	Includes Silver Level Service. Adds Uncertainty Computations. Provided Audited Third Party Oversight (from our ILAC, NACLA and APLAC Accrediting Body)
Platinum Level (ANSI Z540.3)	Includes Gold Level Service. Adds Guardbanding. Provided Audited Third Party Oversight (from our ISO Registrar - available at additional cost)

### Calibration Options

All Equipment is returned with a NIST-Traceable certification. Calibration services available:

- ANSI Z540 Standard without data
- ANSI Z540 with as-found & as-left data
- ISO/IEC 17025:2017 with data & uncertainties
- ANSI Z540.3 with data & uncertainties and Guardbanding

Our lab is ISO/IEC 17025:2017 Accredited by the ANSI-ASQ National Accreditation Board (ANAB), ANSI Z540-1 & .3 accredited, MILSTD 45662 compliant, and ISO 9000/9001 compliant.

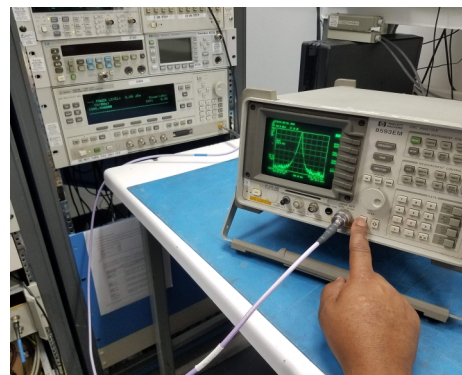

\* Most Calibration jobs are completed in 5-10 business days. Additional time may be needed for repair.

Find us on these social media platforms or visit us on the web at [www.nscainc.com](http://www.nscainc.com).

Is your test equipment warranty expiring? Extend the life of your test equipment with our calibration & repair services. We calibrate/repair to OEM requirements at up to 80% less than manufacturer's price.
